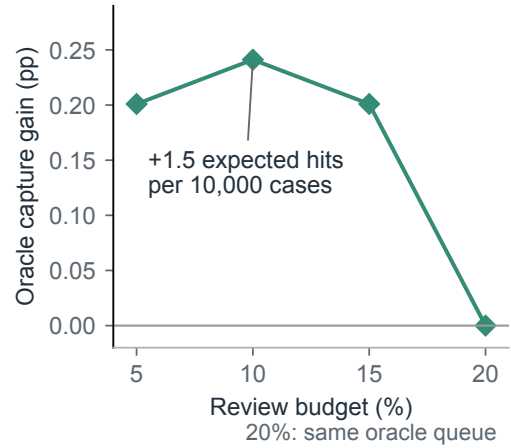
A Candidate eligibility

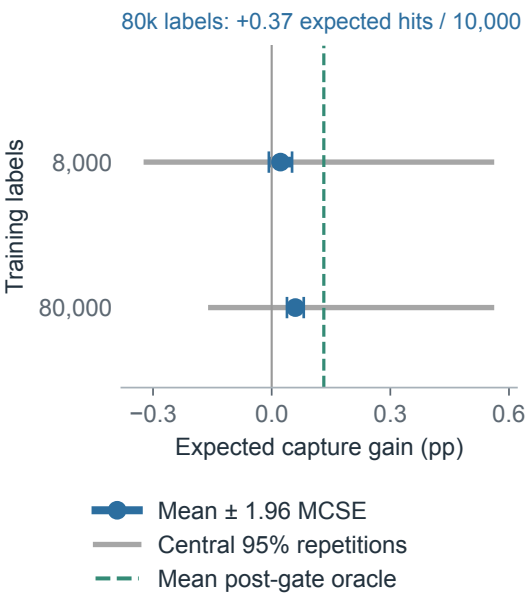
Probe	M	Info.[1]
A: no information	3/3	no
B: boundary moves	1/3	yes
C: same boundary	1/3	yes
D: weak control	1/3	no
E: qualified	3/3	yes

Global AUC gap ≤ 0.010
B/C/D: one passes; range is zero.
[1]Information in designed full sets.

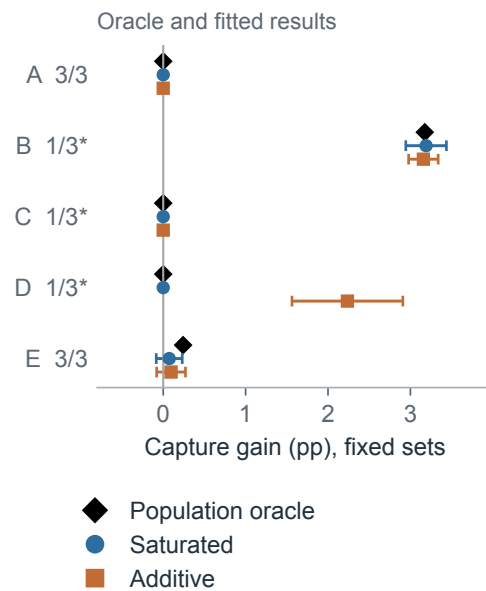
B E: budget boundary



C E: screening + refitting



D Fixed-design comparison



Pos target; 10% budget in C/D; 300 repetitions per fitted experiment.
C: post-gate refits, expected denominator 622 per 10,000 cases.
D: fixed sets, 8,000 training labels. *Only one candidate is AUC-eligible.
